NIBAF has designed this crash program, in consultation with AAOIFI, to facilitate those candidates who are interested in appearing for AAOIFI's CSAA exam. However, this course itself has its own worth of acceptance in shape of an advanced certification in Islamic Banking & Finance like NIBAF's other courses i.e. IBCC & FIBO etc. During the program, all Shariah Standards and Auditing Standards will be thoroughly discussed mainly in 'Presentation form' along with their main points as well as anticipated questions instead of reading the Standards only.

Salient Features

- Whole program will be delivered within 13 weeks with classes to be held from Tuesday to Friday.
- It would be an advance level program with relatively faster pace so participants should have either basic knowledge of Islamic Banking or Shariah Standards or some experience of working in any Islamic Financial institution.
- Program trainers are either AAOIFI's master trainers or familiar with AAOIFI courses and related exams.
- After through discussion of all standards in 13 weeks, a final exam is scheduled in the next week to award the certificates to successful participants. 60% marks is the main threshold for certification.
- Final exam would be held online or physically (at any of NIBAF Pakistan campuses).
- This certification may help in appearing for CSAA but it is not mapped with it.
- Fee includes course fee, study material and Certification.
