

Deposits & Pool Management in IBIs

FREE OF COST

Course Overview

NIBAF has exclusively designed the program on profit distribution and pool management in Islamic Banking Institutions (IBIs). The participants would gain applied knowledge on Shariah principles and acceptable contracts that are used for deposits creation in banks. Most important component of this training would be pool management and process of calculation where both profit sharing ratio and weightages may be used for calculation of profits of various stake holders. Lastly, Islamic Export Refinance scheme would also be discussed with related calculations.
