4-5, 2025**

FEE: PKR 15,000 PER DAY
PLUS TAX

**WORKSHOP ON TRANSFORMATION OF
CONVENTIONAL TRADE FINANCE TO**

ISLAMIC TRADE

The 2-day workshop provides participants with the knowledge, tools, and practical insights to transform conventional trade finance operations into Shariah-compliant trade finance. The participants will learn how to design, structure, and implement Islamic trade finance products through interactive discussions, real-world examples, documentation samples, and group exercises

TIME: 9am – 5pm | **Venue:** NIBAF PAKISTAN, ISLAMABAD

LEARNING OUTCOMES

- Understand the regulatory context of Pakistan's transformation toward a Shariah compliant banking system.
- Recognize key Shariah issues in conventional trade finance operations.
- Apply Shariah compliant modes in trade transactions.
- Develop practical approaches for converting conventional trade finance to Shariah compliant trade finance
- Design Shariah compliant documentation and process flows for Islamic trade finance.
- Formulate an institutional action plan to support trade finance transformation.

PROGRAM HIGHLIGHTS

- Hands-on exercises on conversion of real trade cases

- Comparison of conventional and Islamic LCs
- Shariah guidance on structuring import/export transactions
- Development of institutional transformation checklist

TARGET AUDIENCE

The target audience includes but not limited to:

- Trade Finance and Operations Officers
- Product Development and Transformation Teams
- Relationship Managers (Corporate, Commercial & SME Banking)
- Officers from Islamic Banking, Shariah Compliance, and Risk Management Divisions
- Staff from Treasury, Audit, and Policy Departments engaged in Islamic conversion
